📄 1-PAGE EXECUTIVE BRIEF

We answer your calls. You treat your patients.

AI Voice & WhatsApp Triage, Pre-Visit Case Notes & Smart Scheduling

ZERO-RISK CLINIC SETUP

Keep Your Current Number

Cyta • Epic • Cablenet + WhatsApp

⚠️ THE PROBLEM IN EVERY MEDICAL & DENTAL CLINIC IN CYPRUS

40–100+ CALLS & MESSAGES / DAY

1. Constant Exam Interruptions

40–100+ daily calls & WhatsApp messages interrupt consultations, sterile dental procedures, and family time after hours.

2. Missed Calls = Lost Private Revenue

When your line is busy or unanswered, private patients & dental cases (€60–€500+ treatments) hang up and call the next clinic.

3. GeSY Admin Clogs Your Schedule

Routine GeSY repeat prescriptions, specialist referrals, and lab checks flood the phone line and consume urgent slots.

⚡ HOW ANASTASIA (YOUR AI MEDICAL RECEPTIONIST) WORKS IN 4 STEPS

Answers Normal Phone Calls, SMS & WhatsApp in Greek, English & Russian

STEP 1 — Answers Normal Calls & WhatsApp 24/7 (EL / EN / RU)

Works with your existing Cyta/Epic/Cablenet landline or mobile via simple "**Forward When Busy / Unanswered (*67* / *61*)**". Patients call your normal number or message on WhatsApp—elderly landline callers get standard SMS confirmations.

STEP 2 — 3-Tier Clinical & Dental Priority Triage

Anastasia asks 3 doctor-approved intake questions (symptoms, duration, red flags), assigns 🔴 **Urgent** / 🟡 **Standard** / 🟢 **Async Queue**, and matches the right appointment block length (15m / 30m / 45m / 60m).

STEP 3 — Color-Coded "Anastasia AI" Calendar Layer & Case Note

Reads busy blocks across your **Personal, Hospital & Clinic Google/Outlook Calendars** and writes AI bookings to a dedicated **color-coded sub-calendar** with 3-bullet SOAP notes & WhatsApp photos attached.

STEP 4 — Zero-App A/B/C/D WhatsApp Approval & Phase 2 App

Reply **A, B, C, or D** from your phone lock screen to approve GeSY renewals, offer a slot, or request photos—plus priority listing in the Phase 2 **MyDocDesk Patient Finder App**.

🩺 SMART 3-TIER CLINICAL & DENTAL SCHEDULE PROTECTION

Customizable Rules Per Specialty & Doctor

🔴 **PRIORITY 1 • URGENT SAME-DAY**
